

SUMMER CHALLENGE 2022

HALF MARATHON TRAINING SCHEDULE

The goal of this plan is to safely build your mileage and fitness to prepare to run 13.1 miles for the Summer Challenge Program! The plan starts with easy run/walk workouts and slowly builds on workout duration, frequency, and intensity each week. As we progress from steady aerobic efforts to hills, we aim to build leg strength. As we transition from hills to faster paced running, the leg strength we built will lead to speed. If at any point the workouts feel like they are too much, ease up your effort to what you can safely and comfortably manage. Every athlete and every body is different! As always, staying healthy and injury free is our #1 goal! If you are new to running or have had a long break from running, aim ease into the workouts with a run/walk approach and target the lower end of the ranges. If you are building on fitness, aim push the upper end of the ranges and challenge yourself!

EZ RUN/WALK: Super easy effort (*optional run/walk or walk)

STEADY RUN: Conversational pace, moderate effort: you should still be able to speak sentences while running (*optional run/walk or walk)

CROSS TRAINING DAY: Pick an activity that will get your heart rate up! For example: ride your bike, swim, row, jog, walk, home strength work...

HILL RUN: Find a hill that takes 1-3 minutes to run or walk up, and do 3-6 repeats with an easy walk/jog down. Work the "up" part of the hill hard!

TEMPO: After 5-10 minutes of easy jogging, alternate 3 minutes of moderate paced running with 2 minutes of easy paced running (or walking). Repeat 4-6 times.

SPEED: After 5-10 minutes of easy jogging, alternate 2 minutes of fast paced running with 1 minute of easy paced running (or walking). Repeat 6-8 times (add a fun twist: instead of time, alternate speed between mailboxes or telephone poles!)

REST: Rest days can be full days off (no exercise) or try to treat your body to some form of active recovery: yoga, meditation, bodywork, massage, walk/hike with the family, etc.
